

DAE-BRNS Theme Meeting on Membrane Separations for Fuel Cycle Applications (MEMSEP–2013)

September 16-18, 2013

Bhabha Atomic Research Centre, Mumbai – 400 085, India

(Websites: www.barc.gov.in; www.asset.org.in)

A DAE-BRNS sponsored Theme Meeting on Membrane Separations for Nuclear Fuel Cycle (MEMSEP-2013) is being organized by Radiochemistry Division, Bhabha Atomic Research Centre, Mumbai during September 16-18, 2013. This meeting is co-sponsored by Association of Separation Scientists and Technologists (ASSET).

The objective of this three-day Theme Meeting is to provide a forum to scientists and engineers to discuss the recent advances in the Membrane Separations with particular emphasis for nuclear fuel cycle applications. The major areas to be considered are: *Membrane Development, Membrane Separations, Membrane Stability/fouling, Hollow Fiber Contactors.*

The scientific programme of the Theme Meeting will include **Invited talks by eminent Indian and Overseas scientists / engineers and presentations by young researchers.** Young researchers will be encouraged to showcase their work during this meeting. Funds are available to support a few research scholars and young researchers from India towards travel as well as lodging and boarding.

Abstract Submission

Abstracts of the contributed papers should be submitted before **July 15, 2013.** Please send the abstract by e-mail to the Secretary (ansaris@barc.gov.in). The length of the abstract should be limited to one page including figures, tables and references (template format can be downloaded from the websites).
